

and crawl up here, wish you could be here and
climb with me. Pymonds have their car
out here this year so we are on the go
some where all the time. Tuesday we went
up to Bear Lake, and a wonderful
ride, but it was some walking
and climbing, I wore a good pair shoe
out six one day. Wednesday, if you want
to wear out some shoes you better come
out here. The nights are some times cold
here about 4 blankets on my bed and
not a bit too warm, wish I could
send you a little more.

Well dear I thank you so much for your
kindness, I think it is very sweet of
you and try to help me not to feel blue
or lonesome if I should give Henry up.
Yes, but his love for me is as true and
sincere that I think he will become a
Catholic yet in time. He was never and
he wouldn't as I am still hoping, but
Henry I will let you know if he will
tell me more soon.
