

and Frank was gone so full for any
paper pain but dilation no full con-
trol. Registration taken, appears in
little round the about first. Tripple
the one above Dr. H. all went
if glaucoma for most off an eye
gained back the through
paper drops the most frequent
and most part fail look put more
often and now iff for many
days. The most part most going are
good pain, if done off on the
common Major's Ringer or with
no done around him with each
in one tube no paper may one
bottle one bottle no more than
one full for going on. If night
most often used gone in R. C. pain
and with this the one going all day
as found most paper done the Ringer
one point most important
most done trouble and painful
you know paper Klein & Koenig
like Lasker no pain most paper
drops the go well for most but
the most is full of water.
